

THE SPOUT SPRING TIMES.

VOL. 1.

SPOUTSPRING, KY., SEPT. 5, 1896.

NO. 33.

I. G. Jackson returned home Thursday from near Winchester, where he has been for the past two months.

Miss Margaret Ingles the handsome and talented daughter of a life long Democrat, of Paris, has taken the political platform for Bryan and free silver. She says: "My father has been all his life a Democrat, and now that this great question has arisen I am going to echo his sentiments and stump the South for Bryan."

The following ceremony is the one used in the marriage of an Alabama couple by a red hot silver Judge: "Dearly beloved we are gathered here in the sight of God and presence of these witnesses to join together this man and woman in holy matrimony at the ratio of 16 to 1 which is an honorable estate instituted of God in the time of man's innocence signifying unto us that the standard silver dollar shall be a full legal tender equally with gold for all debts public and private into which holy estate these two persons come now to be joined.

Therefore if any one can show any cause why William Jennings Bryan should not be elected President of these United States let him now speak or forever hereafter his peace. I require and charge you both to stick to the Democratic platform lately adopted in Chicago and if any one of you know of any impediment why ye should not speak now or forever hereafter hold your tongue."
